Statement:

1. I, the undersigned author, certify that I and all other co-authors have participated sufficiently in the intellectual content, the analysis of data, if applicable, and the writing of the above noted manuscript, to take public responsibility for it.
2. The manuscript has previously neither published nor is being submitted for the same purpose in any other scientific journals or seminar/conference's proceeding.
3. As the corresponding author of this manuscript, I certify in the name of all of the co-authors that none of the material in the manuscript has been previously published, is included in another manuscript, or is currently under consideration for publication elsewhere.
4. I also certify that this manuscript has not been accepted for publication elsewhere, nor have I assigned any right or interest in the manuscript to any third party.
5. I and each of the co-authors have reviewed the final version of the manuscript, believe it represents valid work, and approve it for publication.
6. If the data upon which the manuscript is based, is required for further assessment, I shall produce it.
7. The manuscript will be published subsequent to critical review and approval by the Editorial Board.

SIGNATURE (The author signs on behalf of any and all co-authors and accepts responsibility for releasing this material)
